ABOUT AZKA SMART

Engineering The Future of Living Spaces

Founded to redefine modern residential and commercial environments, Azka Smart integrates enterprise AI orchestration with military-grade IoT hardware. Operating across Cairo, Riyadh, and Dubai, we provide homeowners, architects, and premier real-estate developers with seamless, energy-efficient automation tailored to Middle Eastern architectural aesthetics, intense climate demands, and regional infrastructure.

OUR MISSION

To make intelligent, energy-efficient and secure living accessible to every home in the region — simple to plan, effortless to use.

OUR VISION

To be the Middle East's most trusted name in AI-powered living spaces.

Core Operating Values

AI-First

AI removes the complexity from planning, quoting and operating a smart home.

Engineering Excellence

Certified engineers, tested products and installation standards built for regional climate and voltage.

End-to-End Care

One partner from first consultation to lifetime support.

Sustainable by Design

Every system is designed to measurably cut energy consumption.

GLOBAL ECOSYSTEM INTEROPERABILITY

Supporting 40+ premier protocols including Zigbee 3.0, Matter, KNX, Apple HomeKit, Google Home & Alexa.

END-TO-END SOLUTIONS

Integrated Systems Architecture

Modular, scalable smart automation engineered for residences, penthouses, villas, and commercial spaces.

Smart Lighting

تكنولوجيا إضاءة ذكية قابلة للتخصيص

Scenes, dimming, circadian lighting and motion automation.

Climate Control

نظم تكييف هواء ذكية قابلة للتخصيص

AC and HVAC scheduling, zoning and remote control.

Security & Access

نظم مراقبة وإدارة الوصول

AI cameras, smart locks, video intercoms and alarms.

Energy Management

نظم إدارة الطاقة المتجددة

Real-time metering, solar integration and load optimisation.

Curtains & Shading

ستائر آلية قابلة للتحريك

Motorised curtains and blinds synced to sun and schedule.

Entertainment

نظم صوت ومرئيات

Multi-room audio, home cinema and media distribution.

Voice & AI Assistants

مساعدات صوتية بالذكاء الاصطناعي

Arabic and English voice control across every system.

Networking

بنية تحتية للشبكات

Enterprise-grade Wi-Fi and structured cabling backbone.

SPECIALIZED MARKET SECTORS

Luxury Villas

تكنولوجيا إضاءة ذكية قابلة للتخصيص

THE AZKA ADVANTAGE

AI-Driven Planning & Unified Control

Unlike traditional integrators, Azka Smart eliminates guesswork through algorithmic design tools and intuitive mobile orchestration.

AI Consultant

Describe your home and lifestyle; get a tailored system design in minutes.

Instant Cost Calculator

Transparent room-by-room pricing before you commit.

Home Designer

Visualise device placement on your floor plan.

One Unified App

Control every brand and room from a single bilingual app.

Bilingual iOS & Android App

Instant lighting, climate & scene control

The Certified 4-Phase Delivery Process

01

Consult

AI-assisted needs analysis and site survey.

02

Design

Engineered system design, bill of materials and fixed quote.

03

Install

Certified technicians, clean installation, full commissioning.

04

Support

Training, warranty, remote monitoring and upgrades.

MIDDLE EAST HUBS

Strategic Regional Presence

Direct local engineering, warehousing, and experience centers strategically positioned across the region.

Cairo, Egypt

HEADQUARTERS & ENGINEERING HUB

Group headquarters, R&D, AI platform team and central warehouse serving Egypt.
